

## Evercore to Host 3rd Annual Private Markets Forum, May 11-12, 2026

April 15, 2026

NEW YORK--(BUSINESS WIRE)--Apr. 15, 2026-- Evercore (NYSE: EVR) will host its third annual Private Markets Forum in New York City on May 11-12, 2026.

This year's forum will bring together senior leaders and industry specialists from about 20 leading private markets asset management firms, alongside a distinguished group of investment professionals from across the sector. Glenn Schorr, senior research analyst, said, "We are at a pivotal moment for asset management. As capital formation increasingly shifts toward private markets, the industry is evolving in ways we have not seen before."

Marc Harris, director of global macro and fundamental research at Evercore, said, "At a time when private markets are at the center of some of the most active debates in investing, this forum provides a timely and important setting for both investors and companies to engage directly on the issues that matter. It is an opportunity to examine how private markets are evolving, to challenge prevailing assumptions, and to make the case for where long-term value creation can persist. We look forward to a candid exchange with industry leaders on the structural shifts underway, the risks and opportunities ahead, and how capital formation is adapting amid a rapidly changing environment."

Participating companies represent a diverse cross-section of the alternative asset industry and will include CEOs, CFOs, CIOs and senior strategy officers from the following firms:

- Andrew W. Mellon Foundation
- Apollo Global Management
- Ares Management
- BlackRock GIP
- Blackstone
- Blue Owl Capital
- Brookfield Asset Management
- Carlyle Group
