Dear Colleagues,

If you hold either Evercore Partners Inc. Class A Common Stock or Evercore LP Class A partnership units, you should have received a copy of our proxy materials by now. It includes a proxy statement, annual report to stockholders, and either a proxy card or voting instruction card for our Annual Meeting of Stockholders on June 12, 2017. **Our Board recommends that you vote “FOR” Proposals No. 1, No. 2, No. 3 and No. 4.** We especially need your support for Proposal No. 1—the election of our directors and Proposal No. 2—stockholder approval, on an advisory basis, of our executive compensation program. Please take a few minutes to vote your shares today.

Your vote is very important. Although employees hold approximately 32% of our equity on a fully diluted basis, employees only represent 13% of the outstanding votes. If we receive a significant number of WITHHOLD votes related to our directors or our executive compensation proposal, we may have to undertake a significant review of our Board structure and/or our compensation practices. This effort would likely require a significant amount of management time which could otherwise be spent on running the business and generating revenue, as well as material costs from outside experts and consultants.

Most institutional investors will not vote their shares until very late in the process because many will wait until proxy advisor reports have been issued. In addition, institutional investors often must go through a time-consuming committee review process which also delays the casting of their vote. Therefore, it is very important that you cast your vote as soon as possible so that we can get an early read on the overall voting results and better manage our solicitation expenses.

Depending on how you have configured your account(s) that hold Evercore equity, you may receive multiple sets of proxy materials which may have been sent to your home, the office or via an email from your broker. Please check all locations to ensure you have received all sets of materials. There should be a separate card generated for each account where you hold your shares or partnership units. If you have signed up for email delivery, please check your spam or junk folders to make sure that the email, including voting information, did not accidentally end up getting blocked or rerouted because the proxy materials emails use automatically generated headers, which email filters often classify as spam or junk. Vested or unvested RSUs or Evercore LP Class E partnership units are not eligible to vote on these matters, and this communication does not apply to such equity.

Please see the instructions at the end of this email and links for additional detailed instructions.

Finally, as part of the voting process, you can sign up to receive future proxy materials via email. We ask that you seriously consider signing up for email delivery of proxy materials to reduce shipping costs borne by Evercore and allow for faster delivery of the proxy materials. Thank you and please contact me at (212) 857-3125 or Jason Klurfeld at (212) 849-3453 if you have any questions.
