Evercore Partners

Overview

Evercore is one of the leading independent investment banking advisory firms in the world based on the dollar volume of announced worldwide merger and acquisition (“M&A”) transactions on which we have advised since 2000. When we use the term “independent investment banking advisory firm,” we mean an investment banking firm that directly or through its affiliates does not engage in commercial banking or proprietary trading activities. We were founded on the belief that there was an opportunity within the investment banking industry for a firm free of the potential conflicts of interest created within large, multi-product financial institutions. We also believed that the broad set of relationships of an independent advisory business would provide the foundation for a differentiated investment management platform. We believe maintaining standards of excellence and integrity in our core businesses demands a spirit of cooperation and hands-on participation more commonly found in smaller organizations. Since our inception, we have set out to build—in the employees we choose and in the projects we undertake—an organization dedicated to the highest caliber of professionalism and integrity.

We operate around the world from our offices in New York, San Francisco, Boston, Washington D.C., Los Angeles, Houston, London, Mexico City and Monterrey, Mexico and Hong Kong and, through our affiliate G5 Holdings S.A. (“G5”), in Rio de Janeiro and São Paulo, Brazil, through two business segments:

- Investment Banking; and
- Investment Management.

Our Investment Banking segment includes our Advisory services, through which we provide advice to clients on significant mergers, acquisitions, divestitures and other strategic corporate transactions, with a particular focus on advising prominent multinational corporations and substantial private equity firms on large, complex transactions. We also provide restructuring advice to companies in financial transition, as well as to creditors, shareholders and potential acquirers. In addition, we provide our clients with capital markets advice, underwrite securities offerings and raise funds for financial sponsors. Our Investment Banking segment also includes our Institutional Equities services through which we offer equity research and agency-only equity securities trading for institutional investors.

Our Investment Management segment focuses on Institutional Asset Management, through which we manage financial assets for sophisticated institutional investors and provide independent fiduciary services to corporate employee benefit plans, Wealth Management, through which we provide wealth management services for high net-worth individuals and Private Equity, through which we manage private equity funds. Each of these businesses is led by senior investment professionals with extensive experience in their respective fields.

Investment Banking

Our Investment Banking segment includes our Advisory and Institutional Equities businesses. At June 5, 2011, our Investment Banking segment had 53 Senior Managing Directors—40 in the United States, seven in Mexico and six in Europe—and five Senior Advisors with expertise and client relationships in a wide variety of industry sectors.

In 2010, our Investment Banking segment generated \$301.9 million, or 80%, of our revenues, excluding Other Revenue, net, and earned advisory fees from 191 clients. In the first three months of 2011, our Investment Banking segment generated \$83.1 million, or 76%, of our revenues, excluding Other Revenue, net, and earned advisory fees from 79 clients.

Advisory

We provide confidential, strategic and tactical advice to both public and private companies, with a particular focus on large, multinational corporations. By virtue of their prominence, size and sophistication, many of our clients are more likely to require expertise relating to larger and more complex situations. We are advising or have advised on numerous noteworthy transactions, including:

- AT&T on its pending acquisition of T-Mobile USA
- Exelon on its pending acquisition of Constellation Energy Group
- CenturyLink on its merger with Qwest Communications
- Burlington Northern Santa Fe on its sale to Berkshire Hathaway
- The Special Committee of the Board of Directors of Affiliated Computer Services, Inc. on its sale to Xerox

- CVS on its acquisition of Caremark
- SBC on its acquisition of AT&T and on Cingular's acquisition of AT&T Wireless

- CIT on its restructuring

- Cendant on its split-up

Our approach is to work as a trusted senior advisor to top corporate officers and boards of directors, helping them devise strategies for enhancing shareholder value. We believe this relationship-based approach to our Advisory business gives us a competitive advantage in serving a distinct need in the market today. Furthermore, we believe our Advisory services are differentiated from that of our competitors in the following respects:

- ÿ **Objective Advice with a Long-Term Perspective.** We seek to recommend shareholder value enhancement strategies or other financial strategies that we would pursue ourselves were we acting in management's capacity. This approach often includes advising our clients against pursuing transactions that we believe do not meet that standard.
- ÿ **Transaction Excellence.** Since the beginning of 2000, we have advised on over \$1.2 trillion of announced transactions, including acquisitions, sale processes, mergers of equals, special committee advisory assignments, recapitalizations and restructurings. We have provided significant advisory services on multiple transactions for AT&T (including its predecessor company, SBC), CVS, General Mills, General Motors and Swiss Re, among others.
- ÿ **Senior Level Attention and Experience.** The Senior Managing Directors in our Advisory business participate in all facets of client interaction, from the initial evaluation phase to the final stage of executing our recommendations.

We advise clients in a number of different situations across many industries and geographies, each of which may require various services:

- ÿ **Mergers and Acquisitions.** When we advise companies about the potential acquisition of another company or certain assets, our services include evaluating potential acquisition targets, providing valuation analyses, evaluating and proposing financial and strategic alternatives and rendering, if appropriate, fairness opinions. We also may advise as to the timing, structure, financing and pricing of a proposed acquisition and assist in negotiating and closing the acquisition.
- ÿ **Divestitures and Sale Transactions.** When we advise clients that are contemplating the sale of certain businesses, assets or their entire company, our services include evaluating and recommending financial and strategic alternatives with respect to a sale, advising on the appropriate sales process for the situation and valuation issues, assisting in preparing an offering memorandum or other appropriate sales materials and rendering, if appropriate, fairness opinions. We also identify and contact selected qualified acquirers and assist in negotiating and closing the sale.
- ÿ **Special Committee and Fairness Opinion Assignments.** We are well known for our independence, quality and thoroughness and devoting senior-level attention throughout the project lifecycle. We believe our objectivity, integrity and discretion allow us to provide an unbiased perspective.
- ÿ **Restructuring.** We provide financial advice and investment banking services to companies in financial transition, as well as to creditors, shareholders and potential acquirers. Our services may include reviewing and analyzing the business, financial condition and prospects of the company or providing advice on strategic transactions, capital raising or restructurings. We also may provide advisory services to companies that have sought or are planning to seek protection under Chapter 11 of the U.S. Bankruptcy Code or other similar processes in non-U.S. jurisdictions.
- ÿ **Capital Markets.** We serve as an independent and objective advisor to corporations and financial sponsors on a broad array of financing issues. We have developed an expertise in assisting clients with respect to the entire spectrum of capital structure decisions. In addition, we act as an underwriter in public offerings and private placements of debt and equity securities in the United States and internationally.

ÿ **Private Funds.** In February 2010, we formed the Private Funds Group (“PFG”) with the addition of key personnel and the acquisition of certain assets from Neuberger Berman. This group is headquartered in London, with personnel in Europe, Hong Kong and the United States, and advises fund sponsors on all aspects of the fundraising process.

We strive to earn repeat business from our clients. However, we operate in a highly competitive environment in which there are no long-term contracted sources of revenue. Each revenue-generating engagement is separately negotiated and awarded. To develop new client relationships and to develop new engagements from historical client relationships, we maintain an active dialogue with a large number of clients and potential clients, as well as with their financial and legal advisors, on an ongoing basis. We have gained new clients each year through our business development initiatives, through recruiting additional senior professionals who bring with them client relationships and through referrals from directors, attorneys and other third parties with whom we have relationships.

Institutional Equities

In June 2010, we received the requisite regulatory approvals and commenced our U.S. Institutional Equities operations. This business distributes equity research and engages in agency-only equity securities trading for institutional investors.

ÿ **Equity Research.** Our research analysts perform research to help our clients understand the dynamics that drive the industries and companies under coverage. We seek to differentiate ourselves through originality of perspective, depth of insight and ability to uncover industry trends. Our research analysts cover major industry developments, publish research on industry sectors, provide fundamental, company-specific coverage and identify and evaluate investment opportunities in publicly-traded companies.

ÿ **Institutional Sales and Trading.** Our professionals provide equity securities sales and trading services to institutional investors and seek to develop strong relationships with the portfolio managers and traders they serve by working closely with our equity research professionals.

Investment Management

Our Investment Management segment includes Institutional Asset Management, in the United States through Evercore Asset Management L.L.C. (“EAM”), Evercore Trust Company, N.A. (“ETC”) and Atalanta Sosnoff Capital LLC (“Atalanta Sosnoff”), and in Mexico through Protego Casa de Bolsa (“PCB”); Wealth Management, through Evercore Wealth Management (“EWM”) and Evercore Pan-Asset Capital Management (“Pan”); and Private Equity. Our Investment Management business principally manages and invests capital on behalf of third parties, including a broad range of institutional investors such as corporate and public pension funds, endowments, foundations, insurance companies, family offices and high net-worth individuals. As of May 31, 2011, our Investment Management business had four Senior Managing Directors, as well as a number of highly-experienced Portfolio and Client Relationship Managers.

In 2010, our Investment Management segment generated revenue of \$77.6 million. In the first three months of 2011, our Investment Management segment generated revenue of \$26.2 million. As of March 31, 2011, we had \$17.8 billion of assets under management excluding any assets under management from our non-consolidated affiliates, of which \$14.4 billion was attributable to Institutional Asset Management, \$2.8 billion was attributable to EWM and \$0.6 billion was attributable to Private Equity clients.

Institutional Asset Management

Within our Institutional Asset Management business, we have four businesses that provide institutional asset management services for third-party investors: Atalanta Sosnoff, which manages large-capitalization

U.S. equity and balanced products, EAM, which manages small- and mid-capitalization U.S. public equity investment products, PCB, which primarily manages Mexican fixed income products and offers fiduciary and trust services and ETC, which provides specialized investment management, independent fiduciary and trustee services.

- **Atalanta Sosnoff** is a large-capitalization U.S. equity and balanced manager that manages assets for institutional, high net-worth and broker-advised clients. We acquired a controlling equity interest in Atalanta Sosnoff in May 2010.
- **EAM** focuses on long-only investments in small- and mid-capitalization publicly-traded U.S. companies. The firm comprises a core team of professionals with long-standing working relationships and a deep commitment to fundamentally-oriented equity investing. EAM's business development focuses on the institutional pension, endowment and foundation market.
- **ETC** provides specialized investment management and independent fiduciary and trustee services to employee benefit plans of large corporations. In addition, ETC provides personal trustee, executor and custody services for clients of EWM.
- **PCB** is an asset management business primarily focused on peso-denominated money market, fixed income and equity securities for institutional and high net-worth investors in Mexico.

Wealth Management

Wealth Management provides services through EWM and Pan. EWM targets clients with more than \$5 million in investable assets and offers services such as investment policy creation, asset allocation, customized investment management, manager selection, performance reporting and financial planning. Pan provides asset allocation advisory services and products to high net-worth individuals, charities and endowments, principally in the United Kingdom.

Private Equity

Private Equity manages value-oriented, middle-market private equity funds in both the United States and Mexico. While we do not intend to raise Evercore-sponsored successor funds in the United States or Europe, on February 11, 2010, we announced the formation of a strategic alliance to pursue private equity investment opportunities with Trilantic Capital Partners ("Trilantic") and to collaborate on the future growth of Trilantic's business. We own a minority economic interest in Trilantic and an interest in Trilantic's current fund, Trilantic Global Fund IV, and have agreed to commit 2.5% of the total capital commitments of Trilantic's next private equity fund when it is raised, up to \$50 million.

Our Strategies for Growth

We intend to continue to grow and diversify our Investment Banking and Investment Management businesses, and to further enhance our profile and position, through the following strategies:

- **Add Highly Qualified Investment Banking Professionals with Industry and Product Expertise.** We have taken action in a competitive environment by hiring five new Senior Managing Directors this year, thereby enhancing or adding sectors for Evercore, such as consumer, industrials, technology, restructuring and oil and gas. We have also launched Institutional Equities and entered the funds placement business. We intend to continue to recruit high-caliber advisory, funds placement, research and sales and trading professionals to add depth in industry sectors and products and services in areas in which we believe we already have strength, and to extend our reach to sectors or new business lines we have identified as particularly attractive.
- **Achieve Growth and Improved Profitability in Investment Management and Opportunistically Pursue Inorganic Growth.** We are focused on managing our current Investment Management business

towards growth and improved profitability. We also continue to evaluate opportunities to expand through financially attractive acquisitions. In particular, we seek to ensure that the Investment Management businesses we acquire are capable of strong, repeatable investment performance and that our transactions are structured in a manner that aligns the interests of each management team with our own. We believe that the current market and competitive environment provide attractive opportunities to grow our Investment Management business. For example, we completed both our Atalanta Sosnoff and Trilantic transactions in the first half of 2010.

• **Expand Into New Geographic Markets.** We are expanding into new geographic markets where we believe the business environment will be receptive to the strengths of our Investment Banking and Investment Management business models or where we believe our clients have or may develop a significant presence. Our entry into Hong Kong in 2011 and Mexico and Europe in 2006, as well as the formation of our advisory alliances in Japan, China and South Korea, represented important steps in this strategy. We also completed our investment in G5, a São Paulo-based independent investment banking boutique and investment management firm, during the fourth quarter of 2010. We are actively seeking to strengthen, expand and deepen these alliances and to enter into new arrangements in additional geographies. We may hire groups of talented professionals or pursue additional strategic acquisitions or alliances with highly-regarded regional or local firms whose cultures and operating principles are similar to ours.

Recent Developments

Acquisition of The Lexicon Partnership LLP

On June 7, 2011, we entered into a definitive sale and purchase agreement to acquire all of the outstanding partnership interests in The Lexicon Partnership LLP, a U.K. incorporated limited liability partnership (“Lexicon”), for a purchase price of approximately £86 million. In the aggregate, the sellers will receive approximately £41 million in cash and 2,200,612 shares of our Class A common stock, and we will fund the repayment of £5 million of Lexicon’s outstanding capital notes.

Of the total purchase price, £32 million in cash and 317,119 shares of our Class A common stock will be paid to the sellers at closing; provided that, in certain circumstances, the sellers may receive cash in lieu of these shares of our Class A common stock on December 31, 2011. Substantially all of the 317,119 shares of Class A common stock deliverable on the closing date of the acquisition will be subject to restrictions on transfer that terminate on the earlier of (i) June 30, 2012 and (ii) the date of the first secondary offering by Evercore following the closing of the acquisition. Payment of the remaining £9 million in cash and 1,883,493 shares of Class A common stock will be deferred and will vest in installments over a four-year period beginning on June 30, 2012. All deferred consideration, whether in the form of Class A common stock or cash, upon vesting, will be delivered to a seller on the earlier of (i) the first anniversary of the relevant vesting date and (ii) the date of the first secondary offering by Evercore following the relevant vesting date. Vesting of the Class A common stock and cash consideration payable to any seller will accelerate in certain circumstances, including, but not limited to, the seller’s termination without cause, a qualifying retirement or upon a change of control.

Established in 2000, Lexicon is a U.K.-based firm that provides strategic investment banking advisory services to large and midsize corporations, principally in the financial services, utilities and infrastructure and energy sectors. The firm has advised on approximately 250 completed transactions with a combined value in excess of £100 billion. Lexicon currently has 100 partners and employees operating from offices in London, Hong Kong, New York and Aberdeen. We and Lexicon plan to merge our operations, and Andrew Sibbald, the Senior Partner of Lexicon, is expected to serve as the Chief Executive Officer of our European Advisory business and Bernard Taylor, currently our Chairman and Chief Executive Officer in Europe, is expected to continue as the Chairman of our European business.

Our acquisition of Lexicon will increase the headcount of our European Investment Banking business to approximately 75 bankers, including 13 senior managing directors, and we anticipate that, following the acquisition, we will have a broader platform from which to expand our capabilities in Europe. Additionally, we believe that the addition of Lexicon's financial institutions, utilities and infrastructure and energy expertise will strengthen our global coverage in these sectors and provide a basis to create increased value in our company. We expect the closing of the acquisition to occur in the third quarter of 2011. The closing is subject to the receipt of regulatory approvals from the U.K. Financial Services Authority, the Financial Industry Regulatory Authority and the Hong Kong Securities and Futures Commission.

Expected Net Revenues for the Second Quarter of 2011

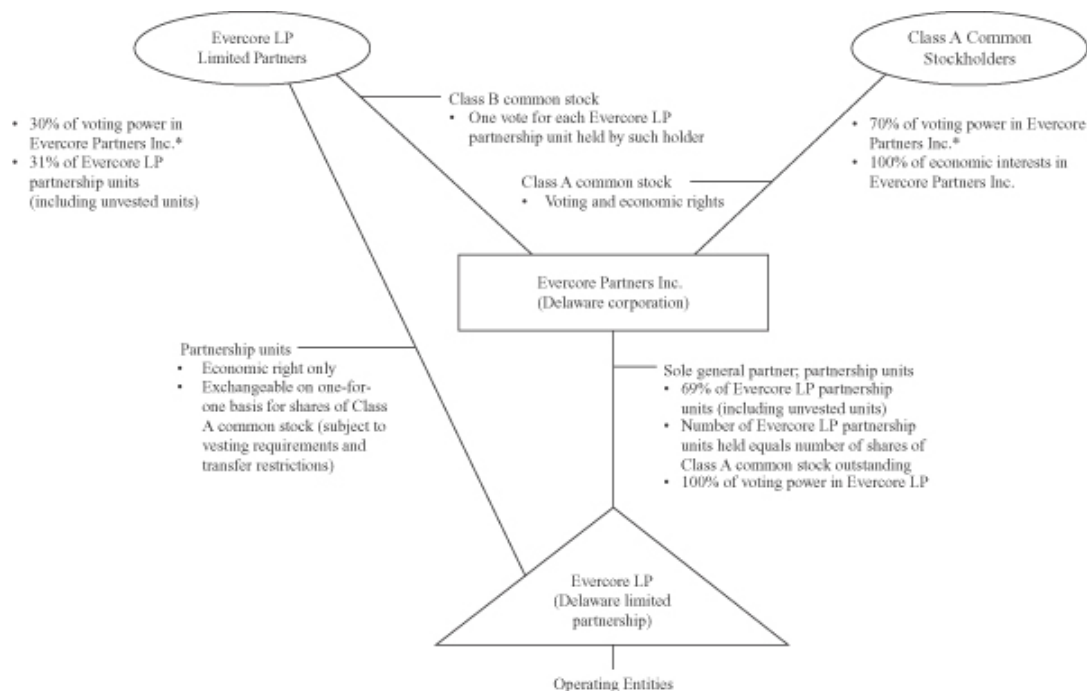

Our second fiscal quarter of 2011 will end on June 30, 2011. The statements below regarding our expected net revenues and operating margins reflect our current expectations and are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and should be read in conjunction with our financial statements and the related notes thereto and "Management's Discussion and Analysis of Financial Condition and Results of Operations" incorporated by reference in this prospectus. There are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. Significantly, these expectations assume, among other things, the timing of Investment Banking transaction closings and increases in management and performance fees from some of our Investment Management businesses. These factors also include, but are not limited to, those described under "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 and in our subsequently filed Quarterly Reports on Form 10-Q (which are incorporated by reference in the accompanying prospectus), as well as the other information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included or incorporated by reference in this prospectus supplement and the accompanying prospectus. We undertake no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

We currently expect net revenue to be between \$132 million and \$139 million for the three months ended June 30, 2011, as compared to net revenues of \$107.8 million in the first quarter of 2011 and \$64.9 million in the three months ended June 30, 2010, with any such increase being principally due to a higher level of deal closings in Investment Banking and increases in management and performance fees in Investment Management. We currently expect that approximately 77% to 80% of net revenues in the three months ended June 30, 2011 will be generated from Investment Banking operations, as compared to approximately 76% and 74% of our net revenues in the first quarter of 2011 and the three months ended June 30, 2010, respectively. We currently expect that our adjusted pro forma operating margins, which exclude certain expenses related to equity-based compensation and amortization of intangible assets, for the three months ended June 30, 2011 will be somewhat improved over the first quarter of 2011. However, the expenses associated with the vesting of RSUs as a result of this offering will adversely impact our operating margins as calculated on a U.S. GAAP basis for the second quarter of 2011.

Evercore Partners Inc. was incorporated in Delaware on July 21, 2005. Our principal executive offices are located at 55 East 52nd Street, New York, New York 10055, and our telephone number is (212) 857-3100.

Organizational Structure

The diagram below depicts our organizational structure. Voting power and ownership information presented is as of the date of this prospectus supplement, after giving effect to this offering.

* The voting power of the Evercore LP limited partners in Evercore Partners Inc. is less than their percentage ownership of the Evercore LP partnership units due to the fact that one holder of 500,000 Evercore LP partnership units does not also hold a share of Class B common stock.

Holding Company Structure

Evercore Partners Inc. is a holding company, and its sole material asset is a controlling equity interest in Evercore LP. As the sole general partner of Evercore LP, Evercore Partners Inc. operates and controls all of the business and affairs of Evercore LP and, through Evercore LP and its operating subsidiaries, conducts our business.

Evercore Partners Inc. consolidates the financial results of Evercore LP and its subsidiaries, and the ownership interest of the limited partners of Evercore LP is reflected as a noncontrolling interest in Evercore Partners Inc.'s consolidated financial statements.

Pursuant to the partnership agreement of Evercore LP, Evercore Partners Inc. has the right to determine when distributions will be made to the partners of Evercore LP and the amount of any such distributions. If Evercore Partners Inc. authorizes a distribution, such distribution will be made to the partners of Evercore LP (1) in the case of a tax distribution (as described below), to the holders of vested partnership units in proportion to the amount of taxable income of Evercore LP allocated to such holder and (2) in the case of other distributions, pro rata in accordance with the percentages of their respective vested partnership interests. Evercore Partners Inc. may, however, authorize a distribution to the partners of Evercore LP who hold vested and

unvested units in accordance with the percentages of their respective vested and unvested partnership interests in the event of an extraordinary dividend, refinancing, restructuring or similar transaction.

The holders of partnership units in Evercore LP, including Evercore Partners Inc., will incur U.S. federal, state and local income taxes on their proportionate share of any net taxable income of Evercore LP. Net profits and net losses of Evercore LP will generally be allocated to its partners (including Evercore Partners Inc.) pro rata in accordance with the percentages of their respective partnership interests. The partnership agreement provides for cash distributions to the holders of vested partnership units of Evercore LP if Evercore Partners Inc. determines that the taxable income of Evercore LP will give rise to taxable income for its partners. In accordance with the partnership agreement, we intend to cause Evercore LP to make cash distributions to the holders of vested partnership units of Evercore LP for purposes of funding their tax obligations in respect of the income of Evercore LP that is allocated to them. Generally, these tax distributions will be computed based on our estimate of the net taxable income of Evercore LP allocable to such holder of vested partnership units multiplied by an assumed tax rate equal to the highest effective marginal combined U.S. federal, state and local income tax rate prescribed for an individual or corporate resident in New York, New York (taking into account the nondeductibility of certain expenses and the character of our income).

Evercore LP also intends to make distributions to Evercore Partners Inc. in order to fund any cash dividends Evercore Partners Inc. may declare on the Class A common stock. If Evercore Partners Inc. declares such dividends, our Senior Managing Directors will be entitled to receive equivalent distributions pro rata based on their partnership interests in Evercore LP, although these individuals will not be entitled to receive any such dividend-related distributions in respect of unvested partnership units.

Vesting of Restricted Stock Units As a Result of this Offering

As of June 10, 2011, there remained outstanding 542,307 restricted stock units granted to our employees at the time of our IPO and subsequently in connection with certain hiring activity that vest upon the earliest to occur of the following events (the "IPO RSUs"):

- when Messrs. Altman, Beutner and Aspe, and trusts benefiting their families and permitted transferees, collectively, cease to beneficially own at least 50% of the aggregate Evercore LP partnership units owned by them at the time of our IPO;
- a change of control of Evercore; or
- two of Messrs. Altman, Beutner and Aspe are not employed by, or do not serve as a director of, Evercore Partners Inc. or one of its affiliates within a 10-year period following the IPO.

In addition, 100% of the IPO RSUs vest if the employee dies or becomes disabled while employed by us.

We account for the IPO RSUs as compensation paid to employees in accordance with Accounting Standards Codification ("ASC") No. 718, "Share Based Payments" ("ASC 718"), which we adopted effective January 1, 2006 (formerly FASB Statement No. 123R). The unvested IPO RSUs vest based on the achievement of one of the performance and service vesting conditions as described above. In accordance with ASC 718, accruals of compensation costs for awards with a performance or service condition are based on the probable outcome of that service or performance condition. Compensation cost is accrued if it is probable that the performance condition will be achieved and is not accrued if it is not probable that the performance condition will be achieved.

Upon completion of this offering, Messrs. Altman, Beutner and Aspe (and trusts benefiting their families and permitted transferees) will beneficially own less than 50% of the aggregate Evercore LP partnership units owned by them at the time of our IPO. Accordingly, the IPO RSUs will vest upon completion of this offering.

The vesting of the IPO RSUs will be charged to expense at the completion of this offering based on their grant date fair value of \$21.00, which was the IPO price of the Class A common stock. Accordingly, we expect to record a non-cash equity-based compensation expense of approximately \$11.4 million and vest 542,307 RSUs during the second quarter of 2011.

Tax Receivable Agreement

As described in "Use of Proceeds," we intend to use a portion of the proceeds, before expenses, that we receive from this offering to purchase from certain holders, including members of our senior management, 2,665,210 outstanding Evercore LP partnership units (or 3,064,991 outstanding Evercore LP partnership units if the underwriters exercise in full their option to purchase additional shares). This purchase is expected to result in an increase in the tax basis of the tangible and intangible assets of Evercore LP. These increases in tax basis increase (for tax purposes) amortization and, therefore, reduce the amount of tax that we would otherwise be required to pay.

We have entered into a tax receivable agreement with the limited partners of Evercore LP that provides for the payment by us to the selling Evercore LP partnership unit holder of 85% of the amount of cash savings, if any, in U.S. federal, state and local income tax or franchise tax that we actually realize as a result of these increases in tax basis.

While the actual increase in tax basis, as well as the amount and timing of any payments under the tax receivable agreement relating to these purchases will vary depending upon a number of factors, including the extent to which such purchases are taxable, and the amount and timing of our income, we expect that, as a result of the size of the increases in the tax basis of the tangible and intangible assets of Evercore LP attributable to our interest in Evercore LP, during the expected term of the tax receivable agreement, the payments that we may make under the tax receivable agreement relating to these purchases could be substantial.

Assuming no material changes in the relevant tax law, and that we earn sufficient taxable income to realize the full tax benefit of the increased amortization of our assets, we expect future payments under the tax receivable agreement relating to these purchases to aggregate \$35.3 million (or \$40.6 million if the underwriters exercise in full their option to purchase additional shares), which will approximate \$2.1 million per year over the next 15 years (or \$2.4 million per year if the underwriters exercise in full their option to purchase additional shares).

The effects of the tax receivable agreement on our consolidated statement of financial condition as a result of our purchase of outstanding Evercore LP partnership units with our proceeds from this offering are as follows:

- we will record an increase of \$41.5 million in deferred tax assets (or \$47.7 million if the underwriters exercise in full their option to purchase additional shares) for the estimated income tax effects of the increase in the tax basis of the assets owned by Evercore LP, based on enacted federal and state tax rates at the date of the transaction. To the extent we estimate that we will not realize the full benefit represented by the deferred tax asset, based on an analysis of expected future earnings, we will reduce the deferred tax asset with a valuation allowance; and
- we will record 85% of the estimated realizable tax benefit (which is the recorded deferred tax asset less any recorded valuation allowance) as an increase of \$35.3 million (or \$40.6 million if the underwriters exercise in full their option to purchase additional shares) to amounts Due Pursuant to Tax Receivable Agreements and Payable to Employees and Related Parties and the remaining 15% of the estimated realizable tax benefit, or \$6.2 million (or \$7.1 million if the underwriters exercise in full their option to purchase additional shares), as an increase to Additional Paid-In-Capital.

[Table of Contents](#)

Therefore, as of the date of the purchase of the Evercore LP partnership units in connection with this offering, on a cumulative basis the net effect of accounting for income taxes and the tax receivable agreement on our financial statements will be a net increase in stockholders' equity of 15% of the estimated realizable tax benefit. The amounts to be recorded for both the deferred tax asset and the liability for our obligations under the tax receivable agreement have been estimated. Any additional payments under the tax receivable agreement that will further increase the tax benefits and the estimated payments under the tax receivable agreement have not been included in this estimate. All of the effects of changes in any of our estimates after the date of the purchase will be included in net income. Similarly, the effect of subsequent changes in the enacted tax rates will be included in net income.

Voting rights

Each share of our Class A common stock entitles its holder to one vote on all matters to be voted on by stockholders generally.

The limited partners of Evercore LP generally each hold one or more shares of our Class B common stock. The shares of Class B common stock have no economic rights but entitle the holder, without regard to the number of shares of Class B common stock held, to a number of votes that is equal to the aggregate number of vested and unvested partnership units held by such holder. See “Description of Capital Stock—Common Stock—Class B common stock” in the accompanying prospectus.

Holders of our Class A common stock and Class B common stock vote together as a single class on all matters presented to our stockholders for their vote or approval, except as otherwise required by applicable law.

The underwriters are committed to take and pay for all of the shares being offered, if any are taken, other than the shares covered by the option described below unless and until this option is exercised.

If the underwriters sell more shares than the total number set forth in the table above, the underwriters have an option to buy up to an additional 716,344 shares from us and the selling stockholders. They may exercise that option for 30 days. If any shares are purchased pursuant to this option, the underwriters will severally purchase shares in approximately the same proportion as set forth in the table above.

The following tables show the per share and total underwriting discounts and commissions to be paid to the underwriters by us and the selling stockholders. Such amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase 716,344 additional shares.

[Table of Contents](#)

We, all of our directors and officers, all selling stockholders and all holders of Evercore LP partnership units participating in this offering have agreed with the underwriters, subject to certain exceptions, not to dispose of or hedge any of their shares of our Class A common stock or securities convertible into or exchangeable for shares of our Class A common stock during the period from the date of this prospectus supplement continuing through the date 75 days after the date of this prospectus supplement, except with the prior written consent of Goldman, Sachs & Co. and Merrill Lynch, Pierce, Fenner & Smith Incorporated on behalf of the underwriters.

In connection with the offering, the underwriters may purchase and sell shares of our Class A common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. “Covered” short sales are sales made in an amount not greater than the underwriters’ option to purchase additional shares in the offering.

The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase additional shares pursuant to the option granted to them. “Naked” short sales are any sales in excess of such option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our Class A common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of our Class A common stock made by the underwriters in the open market prior to the completion of the offering.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased shares sold by or for the account of such underwriter in stabilizing or short covering transactions.

Purchases to cover a short position and stabilizing transactions, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of our Class A common stock, and together with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of our Class A common stock. As a result, the price of our Class A common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise.

We estimate that the expenses of the offering that are payable by us, excluding underwriting discounts and commissions, will be approximately \$0.5 million.

We and the selling stockholders have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act.

Conflicts of Interest

Evercore Group L.L.C., an underwriter in this offering, is an affiliate of Evercore Partners Inc., and, as such, has a “conflict of interest” in this offering within the meaning of FINRA Rule 5121. Pursuant to this rule, the appointment of a “qualified independent underwriter” is not necessary in connection with this offering, as the offering is of equity securities that have a bona fide public market. In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) it has not made and will not make an offer of shares to the public in that Relevant Member State prior to the publication of a prospectus in relation to the shares which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of shares to the public in that Relevant Member State at any time:

EVERCORE PARTNERS

Evercore is one of the leading independent investment banking advisory firms in the world based on the dollar volume of announced worldwide merger and acquisition (“M&A”) transactions on which we have advised since 2000. When we use the term “independent investment banking advisory firm,” we mean an investment banking firm that directly or through its affiliates does not engage in commercial banking or proprietary trading activities. We were founded on the belief that there was an opportunity within the investment banking industry for a firm free of the potential conflicts of interest created within large, multi-product financial institutions. We also believed that the broad set of relationships of an independent advisory business would provide the foundation for a differentiated investment management platform. We believe maintaining standards of excellence and integrity in our core businesses demands a spirit of cooperation and hands-on participation more commonly found in smaller organizations. Since our inception, we have set out to build—in the employees we choose and in the projects we undertake—an organization dedicated to the highest caliber of professionalism and integrity.

We operate around the world from our offices in New York, San Francisco, Boston, Washington D.C., Los Angeles, Houston, London, Mexico City and Monterrey, Mexico and Hong Kong and, through our affiliate G5 Holdings S.A., in Rio de Janeiro and São Paulo, Brazil, through two business segments: Investment Banking; and Investment Management.

Evercore Partners Inc. was incorporated in Delaware on July 21, 2005. Our principal executive offices are located at 55 East 52nd Street, New York, NY 10055, and our telephone number is (212) 857-3100.

FORWARD-LOOKING STATEMENTS

This prospectus contains or incorporates by reference forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), which reflect our current views with respect to, among other things, our operations and financial performance. In some cases, you can identify these forward-looking statements by the use of words such as “outlook,” “believes,” “expects,” “potential,” “continues,” “may,” “should,” “seeks,” “approximately,” “predicts,” “intends,” “plans,” “estimates,” “anticipates” or the negative version of these words or other comparable words. Such forward-looking statements are subject to various risks and uncertainties.

Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. All statements other than statements of historical fact are forward-looking statements, are based on various underlying assumptions and expectations, are subject to known and unknown risks, uncertainties and assumptions and may include projections of our future financial performance based on our growth strategies and anticipated trends in Evercore’s business. We believe these factors include, but are not limited to, those described under “Risk Factors” in our most recent Annual Report on Form 10-K and in each subsequently filed Quarterly Report on Form 10-Q (which documents are incorporated by reference herein), as well as the other information contained or incorporated by reference in this prospectus or in any prospectus supplement hereto. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included or incorporated by reference in this prospectus or in any prospectus supplement hereto. We undertake no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

We operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time, and it is not possible for our management to predict all risks and uncertainties, nor can management assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

USE OF PROCEEDS

In the case of our sale of Class A common stock, we will specify the use of proceeds in the applicable prospectus supplement.

We will not receive any proceeds from the sale of any shares of Class A common stock offered by the selling stockholders.

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is a summary and is qualified in its entirety by reference to our certificate of incorporation and our bylaws, the forms or copies of which have been filed as exhibits to the registration statement of which this prospectus forms a part, and by applicable law. See “Where You Can Find More Information.”

Our authorized capital stock consists of 1,000,000,000 shares of Class A common stock, par value \$.01 per share, 1,000,000 shares of Class B common stock, par value \$.01 per share and 100,000,000 shares of preferred stock. Unless our board of directors determines otherwise, we will issue all shares of our capital stock in uncertificated form.

Common Stock

Class A common stock

Holders of our Class A common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders.

Holders of our Class A common stock are entitled to receive dividends when and if declared by our board of directors out of funds legally available therefor, subject to any statutory or contractual restrictions on the payment of dividends and to any restrictions on the payment of dividends imposed by the terms of any outstanding preferred stock.

Upon our dissolution or liquidation or the sale of all or substantially all of our assets, after payment in full of all amounts required to be paid to creditors and to the holders of preferred stock having liquidation preferences, if any, the holders of our Class A common stock will be entitled to receive pro rata our remaining assets available for distribution.

Holders of our Class A common stock do not have preemptive, subscription, redemption or conversion rights.

Subject to the transfer restrictions set forth in the Evercore LP partnership agreement, holders of fully vested partnership units in Evercore LP (other than Evercore Partners Inc.) may exchange these partnership units for shares of Class A common stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications.

Class B common stock

Each holder of Class B common Stock shall be entitled, without regard to the number of shares of Class B common stock held by such holder, to one vote for each partnership unit in Evercore LP held by such holder. Accordingly, the limited partners of Evercore LP collectively have a number of votes in Evercore Partners Inc. that is equal to the aggregate number of vested and unvested partnership units that they hold.

Holders of our Class A common stock and Class B common stock vote together as a single class on all matters presented to our stockholders for their vote or approval, except as otherwise required by applicable law.

Holders of our Class B common stock do not have any right to receive dividends or to receive a distribution upon a liquidation or winding up of Evercore Partners Inc.

Preferred Stock

Our certificate of incorporation authorizes our board of directors to establish one or more series of preferred stock (including convertible preferred stock). Unless required by law or by any stock exchange, the authorized shares of preferred stock will be available for issuance without further action by you. Our board of directors is able to determine, with respect to any series of preferred stock, the terms and rights of that series, including:

- the designation of the series;
- the number of shares of the series, which our board may, except where otherwise provided in the preferred stock designation, increase or decrease, but not below the number of shares then outstanding;
- whether dividends, if any, will be cumulative or non-cumulative and the dividend rate of the series;
- the dates at which dividends, if any, will be payable;
- the redemption rights and price or prices, if any, for shares of the series;
- the terms and amounts of any sinking fund provided for the purchase or redemption of shares of the series;
- the amounts payable on shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of our company;
- whether the shares of the series will be convertible into shares of any other class or series, or any other security, of our company or any other entity, and, if so, the specification of the other class or series or other security, the conversion price or prices or rate or rates, any rate adjustments, the date or dates as of which the shares will be convertible and all other terms and conditions upon which the conversion may be made;
- restrictions on the issuance of shares of the same series or of any other class or series; and
- the voting rights, if any, of the holders of the series.

We could issue a series of preferred stock that could, depending on the terms of the series, impede or discourage an acquisition attempt or other transaction that some, or a majority, of you might believe to be in your best interests or in which you might receive a premium for your Class A common stock over the market price of the Class A common stock.

Authorized but Unissued Capital Stock

Delaware law does not require stockholder approval for any issuance of authorized shares. However, the listing requirements of the New York Stock Exchange, which would apply so long as the Class A common stock remains listed on the New York Stock Exchange, require stockholder approval of certain issuances equal to or exceeding 20% of the then outstanding voting power or then outstanding number of shares of Class A common stock (assuming, in this latter case, the exchange of outstanding Evercore LP partnership units not held by Evercore Partners Inc.). These additional shares may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions.

One of the effects of the existence of unissued and unreserved common stock or preferred stock may be to enable our board of directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of our company by means of a merger, tender offer, proxy contest or otherwise, and thereby protect the continuity of our management and possibly deprive the stockholders of opportunities to sell their shares at prices higher than prevailing market prices.

Anti-Takeover Effects of Provisions of Delaware Law

We are a Delaware corporation subject to Section 203 of the Delaware General Corporation Law. Section 203 provides that, subject to certain exceptions specified in the law, a Delaware corporation shall not engage in certain “business combinations” with any “interested stockholder” for a three-year period after the date of the transaction in which the person became an interested stockholder unless:

- prior to such time, our board of directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding certain shares; or
- at or subsequent to that time, the business combination is approved by our board of directors and authorized by the affirmative vote of holders of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Generally, a “business combination” includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an “interested stockholder” is a person who, together with that person’s affiliates and associates, owns, or within the previous three years did own, 15% or more of our voting stock.

Under certain circumstances, Section 203 makes it more difficult for a person who would be an “interested stockholder” to effect various business combinations with a corporation for a three-year period. The provisions of Section 203 may encourage companies interested in acquiring our company to negotiate in advance with our board of directors because the stockholder approval requirement would be avoided if our board of directors approves either the business combination or the transaction that results in the stockholder becoming an interested stockholder. These provisions also may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

Transfer Agent and Registrar

The transfer agent and registrar for our Class A common stock is The Bank of New York.

Listing

Our Class A common stock is listed on the New York Stock Exchange under the symbol “EVR.”

**CERTAIN MATERIAL UNITED STATES FEDERAL INCOME AND ESTATE TAX
CONSEQUENCES TO NON-U.S. HOLDERS OF CLASS A COMMON STOCK**

The following is a summary of certain material United States federal income and estate tax consequences of the purchase, ownership and disposition of our Class A common stock as of the date hereof. Except where noted, this summary deals only with Class A common stock that is held as a capital asset by a non-U.S. holder.

A “non-U.S. holder” means a person (other than a partnership) that is not for United States federal income tax purposes any of the following:

- an individual citizen or resident of the United States;
- a corporation (or any other entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to United States federal income taxation regardless of its source; or
- a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

This summary is based upon provisions of the Internal Revenue Code of 1986, as amended (the “Code”), and regulations, rulings and judicial decisions as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in United States federal income and estate tax consequences different from those summarized below. This summary does not address all aspects of United States federal income and estate taxes and does not deal with foreign, state, local or other tax considerations that may be relevant to non-U.S. holders in light of their personal circumstances. In addition, it does not represent a detailed description of the United States federal income tax consequences applicable to you if you are subject to special treatment under the United States federal income tax laws (including if you are a United States expatriate, “controlled foreign corporation,” “passive foreign investment company,” or a partnership or other pass-through entity for United States federal income tax purposes). We cannot assure you that a change in law will not alter significantly the tax considerations that we describe in this summary.

If a partnership holds our Class A common stock, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding our Class A common stock, you should consult your tax advisors.

If you are considering the purchase of our Class A common stock, you should consult your own tax advisors concerning the particular United States federal income and estate tax consequences to you of the ownership of the Class A common stock, as well as the consequences to you arising under the laws of any other taxing jurisdiction.

Dividends

Dividends paid to a non-U.S. holder of our Class A common stock generally will be subject to withholding of United States federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. However, dividends that are effectively connected with the conduct of a trade or business by the non-U.S. holder within the United States (and, if required by an applicable income tax treaty, are attributable to a United States permanent establishment) are not subject to the withholding tax, provided certain certification and

[Table of Contents](#)

disclosure requirements are satisfied. Instead, such dividends are subject to United States federal income tax on a net income basis in the same manner as if the non-U.S. holder were a United States person as defined under the Code, unless an applicable income tax treaty provides otherwise. Any such effectively connected dividends received by a foreign corporation may be subject to an additional “branch profits tax” at a 30% rate or such lower rate as may be specified by an applicable income tax treaty.

A non-U.S. holder of our Class A common stock who wishes to claim the benefit of an income tax treaty or claim exemption from withholding because the income is effectively connected with the conduct of a trade or business in the United States will be required to (a) complete Internal Revenue Service Form W-8BEN (or other applicable form), for treaty benefits, or W-8ECI (or other applicable form), for effectively connected income, respectively, or (b) if our Class A common stock is held through certain foreign intermediaries, satisfy the relevant certification requirements of applicable United States Treasury regulations. Special certification and other requirements apply to certain non-U.S. holders that are pass-through entities rather than corporations or individuals.

A non-U.S. holder of our Class A common stock eligible for a reduced rate of United States withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by filing an appropriate claim for refund with the Internal Revenue Service.

Gain on Disposition of Class A Common Stock

Any gain realized on the disposition of our Class A common stock generally will not be subject to United States federal income tax unless:

- the gain is effectively connected with a trade or business of the non-U.S. holder in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment of the non-U.S. holder);
- the non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met; or
- we are or have been a “United States real property holding corporation” for United States federal income tax purposes.

An individual non-U.S. holder described in the first bullet point immediately above will be subject to tax on the net gain derived from the sale at regular graduated United States federal income tax rates. An individual non-U.S. holder described in the second bullet point immediately above will be subject to a flat 30% tax on the gain derived from the sale, which may be offset by United States source capital losses, even though the individual is not considered a resident of the United States. If a non-U.S. holder that is a foreign corporation falls under the first bullet point immediately above, it will be subject to tax on its net gain in the same manner as if it were a United States person as defined under the Code and, in addition, may be subject to the branch profits tax equal to 30% of its effectively connected earnings and profits or at such lower rate as may be specified by an applicable income tax treaty.

We believe we are not and do not anticipate becoming a “United States real property holding corporation” for United States federal income tax purposes.

Federal Estate Tax

Common stock held by an individual non-U.S. holder at the time of death will be included in such holder’s gross estate for United States federal estate tax purposes, unless an applicable estate tax treaty provides otherwise.

Information Reporting and Backup Withholding

We must report annually to the Internal Revenue Service and to each non-U.S. holder the amount of dividends paid to such holder and the tax withheld with respect to such dividends, regardless of whether withholding was required. Copies of the information returns reporting such dividends and withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax treaty.

A non-U.S. holder will be subject to backup withholding for dividends paid to such holder unless such holder certifies under penalty of perjury that it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that such holder is a United States person as defined under the Code), or such holder otherwise establishes an exemption.

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale of our Class A common stock within the United States or conducted through certain United States-related financial intermediaries, unless the beneficial owner certifies under penalty of perjury that it is a non-U.S. holder (and the payor does not have actual knowledge or reason to know that the beneficial owner is a United States person as defined under the Code) or such owner otherwise establishes an exemption.

Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a non-U.S. holder's United States federal income tax liability provided the required information is furnished to the Internal Revenue Service.

Additional Withholding Requirements

The relevant withholding agent may be required to withhold 30% of any dividends and the proceeds of a sale of our common stock paid after December 31, 2012 to (i) a foreign financial institution unless such foreign financial institution agrees to verify, report and disclose its U.S. accountholders and meets certain other specified requirements or (ii) a non-financial foreign entity that is the beneficial owner of the payment unless such entity certifies that it does not have any substantial United States owners or provides the name, address and taxpayer identification number of each substantial United States owner and such entity meets certain other specified requirements.
